School on Wheels was founded in 1993 to enhance the educational opportunities for homeless children in grades K – 12. Volunteers tutor, mentor and assist homeless children on a one-on-one basis with their educational life. School on Wheels also provides back packs, school supplies and uniforms, as well as guidance to parents on their children's education. Volunteer tutors come from all backgrounds and professions and all share the goal of reaching out to this underserved population of children and their families. www.schoolonwheels.org
